Through the Agreement on the European Economic Area (EEA), Iceland, Liechtenstein and Norway are partners in the internal market with the Member States of the European Union.

As a way of promoting a continuous and balanced strengthening of economic and trade relations, the parties to the EEA Agreement have established a multi-year Financial Mechanism, known as EEA Grants.

The EEA Grants aim to reduce social and economic disparities in Europe and strengthen bilateral relations between these three countries and the beneficiary countries.

For the period 2014-2021, a total contribution of €2.8 billion has been agreed for 15 beneficiary countries. Portugal will benefit from an amount of 102.7 million euros. Learn more at www.eeagrants.gov.pt
