## PRESS RELEASE

### OESTE + IGUAL Project | Online training for students

Promoting equality between women and men at the local level is one of the objectives of the Oeste + Igual Project. On June 5, 2023, an online training will be held on the impact of stereotypes on vocational choices: how to achieve gender balance in the areas of the different courses?

The training is aimed at students from the West Region and will take place online, between 10am and 12pm. The initiative is part of the Oeste + Igual Project, with financial support from the Work-life Balance Programme, funded by the EEA Grants Portugal Mechanism.

The students will meet the theme of gender equality and how does it condition vocational choices?

The current scenario and the labor market will be other themes of the Online Training, which will include a moment of reflection on stereotypes and biases.

The Training will end with the sharing of ideas on how to promote change and act actively on the subject.

Registration for the Online Training can be done through the link: <https://forms.gle/Gyr6w794YTUxjEPw7>
