

Press Release

OESTE ADAPTA | Urgency and adaptation challenges to climate change in the West will be themes of the Project's Final Seminar

On the 28th of June, the Final Seminar of the Oeste Adapta project takes place in the Intermunicipal Community of the West, in Caldas da Rainha.

In this event, the balance of the Project's implementation will be made.

There will also be a moment of debate with the Municipalities of Alcobaça, Caldas da Rainha, Lourinhã and Torres Vedras with the aim of knowing the urgencies and challenges of adapting the territory to climate change.

The Seminar will be attended by the Project Partner (Western Norway Research Institute), represented by Carlo Aall, who will share the Partner's international example in adaptation to climate change.

After the intervention of the Project Partner, Certificates will be awarded to the Municipal Technicians involved in the Project.

The event ends with a speech by Ellen Aabø, Chargé d'Affaires at the Norwegian Embassy in Portugal, and by Pedro Folgado, President of the West Intermunicipal Community.

The aim of the project is to promote the integration of the West Region's Intermunicipal Adaptation Plan to Climate Change at the municipal level. In addition, the Oeste Adapta Project aims to provide the municipalities of the West Region with a strategic and operational instrument for adapting to climate change that increases local resilience, simultaneously promoting the training of municipal technicians in the field of local climate adaptation and increasing sensitivity and preparing local and regional actors to deal with the implications of climate change.

The poster features a colorful circular graphic on the left with the text 'Iceland Liechtenstein Norway grants'. The main title is 'OESTE ADAPTA' with the subtitle 'Municipal Climate Adaptation Planning in the West Region'. Below this, it says 'FINAL SEMINAR' and 'Presentation of the Project and experiences of local adaptation to climate change'. The date '28 JUNE' is highlighted in a green box, with '10:00am (PORTUGAL)' below it. The location is 'West Intermunicipal Community, Caldas da Rainha' and the registration deadline is 'June 26, 2023'. At the bottom, logos for the Programme Operator (República Portuguesa), Promoter (Oeste), and Partners (CEDRU and Vestlandsforskning) are displayed.
