

Press Release

OesteCIM, CEDRU and Municipal Technicians from the Oeste Adapta Project meet to analyze priority vulnerable territories in the West Region

This will be Webinar #4 within the scope of the Oeste Adapta Project - Planning for Climate Adaptation in the West Region.

On March 29th, at 9:55 am, Webinar #4 "Priority Vulnerable Territories" will take place, organized by the promoter West Intermunicipal Community and the partner CEDRU.

During the Webinar, the work will be evaluated and topics such as the methodology and results obtained from the analysis of future vulnerabilities in the West Region will be discussed, as well as the methodology for defining priority vulnerable territories.

The initiative is part of one of the activities planned within the scope of the Oeste Adapta Project, which aims to provide the Municipalities of the West with instruments to promote climate adaptation and human resources prepared to ensure its implementation and monitoring, as well as informed and informed local communities. prepared to deal with climate change.
